## Chianti Classico Riserva Le Baròncole Docg 2005

Production: 10,640 - 750 cc bottles

The winter was very cold and rainy with snow. Weather conditions were ideal during spring and summer and the situation was very promising until the end of the first ten days of September. After that, heavy rain and humid mornings rather reduced our expectations. However, thanks to careful selection of the grapes, we have produced a notable wine which is intensely flavoured and elegant.

Between 30 and 50% of the grapes were removed from each vine during what is known as "the green harvest."

Best between 2008 and 2014.

Serve at 17 to 18°C.

As this wine is unfiltered there might be a light deposit at the bottom of the bottle.
