Chianti Classico Docg 2006

Production: 41, 336 - 750cc bottles.

During spring and summer we had average temperatures and rainfall. Until the end of August the grapes were ripening slowly. However, some rain and a great difference between day and night temperatures brought the content of the grapes to a perfect level which is very apparent in this wine. It is intensely flavoured, smooth and well rounded.

Best between 2008 and 2013.

Serve at 17°C.

As this wine is unfiltered, there might be a slight deposit at the bottom of the bottle.
